	公立南丹病院/京都中部総合医療センター 循環器内科 論文リスト (2009~)	2025 年5 月1 日現在							
No.	Title	Journal	Pubme 収載	Year	Vol.	Page	First author	Category	被引
_	Chronic pericardial constriction induced severe ischemic hepatitis manifesting as hypoglycemic attack	Circ J	0	2009	73	183-186	Nomura T	Case	9
_	Fatal splenic laceration in a young woman caused by idiopathic isolated splenic vein thrombosis images in cardio-thoracic surgery. Left atrial myxoma with tumour vascularity: three-dimensional images with multi-slice computed tomography	Inter Med Eur J Cardiothorac Surg	0	2009	48	907-910 765	Nomura T Goto T	Case	2
_	Subacutely progressed extensive aortic dissection complicated with catheter-induced dissection in left main coronary artery	J Cardiol	0	2009	54	128-133	Nomura T	Image Case	1
_	Pulmonary hemorrhage in a middle-aged woman as a complication of treatments for acute myocardial infarction	J Cardiol Cases	0	2010	1	e37-e41	Ishida R	Case	1
_	Effective surgical treatment for controlling the acute heart failure induced by acutely progressed mitral regurgitation with nonbacterial rthrombotic endocarditis	J Cardiol Cases	0	2010		e59-e62	Tei T	Case	1 3
7 (Clinical manifestations and effects of primary percutaneous coronary intevention for the patients with deolayed pre-hospital time in acute myocardial infarction	J Cardiol	0	2010	56	204-210	Nomura T	Original Article	1
8	Antiarrhythmic agent cibenzoline attenuates latent obstruction in the left ventricular outflow tract of hypertrophic cardiomyopathy	Int J Cardiol	0	2011	148	359-361	Nomura T	Letter	2
_	Effects of cardilologist experience on outcomes of patients with ST-elevated myocardial infarction treated with primary PCI in a local area in Japan	Int Heart J	0	2011	52	127-130	Nomura T	Original Article	1
_	高度腎機能低下を伴った高齢心不全患者に対してトルバブタンが奏功した1例	Fluid management Renaissance	×	2012		104-107	Nomura T	Case	(
_	Clinical characteristics of silent myocardial ischemia diagnosed with adenosine stress(99m)Tc-tetrofosmin myocardial scintigraphy in Japanese patients with acute cerebral infarction Dilated cardiomyopathy-associated FHOD3 variant impairs the ability to introduce activation of transcription factor serum response factor	Heart Vessels Circ J	0	2013	28 77	27-33 2990-2996	Nomura T Arimura T	Original Article Original Article	5
_	Corticosteroid therapy was effective in controlling refractory coronary vasospasms complicated by hypereosinophilia	Inter Med	0	2013	53	735-738	Nomura T	Case	
_	Apical myocardial infarction with bizzare coronary images mimicking left ventricular apical ballooning syndrome: a case report	J Med Case Rep	0	2014	8	124	Nomura T	Case	
_	ersistent left superior vena cava (PLSVC) with anomalous hepatic venous drainage	Inter Med	0	2015	54	681	Nomura T	Image	
6	Successful percutaneous coronary intervention with GuideLiner catheter for subtotal occlusive lesion in the right coronary artery with anomalous origin from the left sinus of Valsalva: a case report	J Med Case Rep	0	2015	9	163	Shirota A	Case	
7 I	Practical usefulness of dual lumen catheter-facilitated reverse wire technique for markedly angulated bifurcated lesions	J Interv Cardiol	0	2015	28	544-550	Nomura T	Case Series	
_	A rare instructive complication of balloon catheter fracture during percutaneous coronary intervention	Cardiovasc Interv Ther	0	2016	_	70-74	Nomura T	Case	
_	Reverse bent wiring with Crusade catheter can be a useful technique for penetrating an abrupt-type entry of coronary occlusion at branching ostium	Cardiovasc Interv Ther	0	2016		245-249	Nomura T	Case	_
_	successful percutaneous coronary intervention for complex bifurcated lesions with combination of "Reverse wire technique" and "Reverse bemt wiring with the Crusade catheter" novel wire manipulation technique	Catheter Cardiovasc Interv	0	2016		920-925	Nomura T	Case	1
_	A rare appearance of a large mural thrombus in left atrium detected two years after the Maze procedure	J Cardiol Cases J Vasc Access	0	2016	13	52-55 e39-e41	Taminishi S Higushi V	Case	
_	Frans-colateral angioplasty in vascular access intervention therapy for subacute occluded vessel diopathic internal jagular vein thrombosis as embolic origin	J Vasc Access Inter Med	0	2016		847-848	Higuchi Y Nomura T	Image	
_	instructive percutaneous coronary intervention to avoid the risk of side branch occlusion at a lesion with a lotus root apperance: a case report	BMC Cardiovasc Disord	0	2016	16	157	Nomura T	Case	
-	Simple and effective reverse bent wiring technique for side branch access after crush stenting	Minerva Cardioangiol	0	2016	64	699-701	Nomura T	Letter	
-		Austin Cardio & Cariovasc Case Rep	×	2016	1	1013	Sugimoto T	Image	\vdash
-	Successful endovascular treatment with GuideLiner catheter of chronic aortic occlusion with severe calcification	Cardiovasc Interv Ther	0	2017	32	137-141	Kubota H	Case	
3 5	Seesaw doubel GuideLiner catheter technique for a successful bail-out procedure from blow-out type coronary perforation	Cardiovasc Interv Ther	0	2017	32	396-400	Sugimoto T	Case	
)	Sizarre sequela with cardiac venous perforation after percutaneous coronary intervention	JACC Cardiovasc Interv	0	2017	10	e95-e96	Nomura T	Image	
_	Guide catheter extention device is effective in renal angioplasty for severely calcified lesions	Am J Case Rep	0	2017	18	568-572	Sugimoto T	Case	ــــــــــــــــــــــــــــــــــــــ
-	Successful bailout stenting strategy against lethal coronary dissection involving left main bifurcation	Clin Case Rep	0	2017	5	894-898	Kubota H	Case	-
-		Eur Heart J Cardiovasc Imaging	0	2017	18	1188	Hirota Y	Image	\vdash
-	Hemoptysis is a critical sign of aortobronchial fistula	Intern Med Res Cardiovasc Med	O X	2017	56 6	2683-2684 e41325	Ashida-Urata N Kubota H	Image Case	
-	Successful endovascular treatment for thrombotic in-stent iliac occlusion with in-house-devised Optimo-like embolic protection system A pitfall in selecting promissing septal collateral channels in percutaneous coronary intervention with a retrograde approach	Res Cardiovasc Med Res Cardiovasc Med	×	2017	6	e41323 e39298	Urata R	Case	┢
_	Fips of dual-lumen microcatheter-facilitated reverse wire technique in percutaneous coronary interventions for markedly angulated bifurcated lesions	Cardiovasc Interv Ther	0	2017	33	146-153	Nomura T	Original Article	H
-	A rare manifestation of severe critical limb ischemia caused by solitary aorto-iliae occlusive disease	Oxf Med Case Reports	0	2018	4	124-127	Miyawaki D	Case	
-	Emergence of ventricular septal rupture during primary coronary intervention for myocardial infarction manifested as unexpected coronary blood flow disturbance	Am J Case Rep	0	2018	19	1108-1112	Nomura T	Case	
9	Successful limb salvage from critical limb ischemia with bilateral variant anatomy of infrapopliteal arteries	Cardiovasc Interv Ther	0	2019	34	67-69	Miyawaki D	Image	
0 !	Easily size-adjustable homemade snare effective for bailout of kinked guiding eatheter	Cardiovasc Interv Ther	0	2019	34	76-77	Miyawaki D	Image	
_	A rare case of isolated idiopathic inferior mesenteric artery dissection	Am J Case Rep	0	2019	_	121-124	Ueno D	Case	
_	Successful bailout procedure for acute popliteal artery occlusion associated with EXOSEAL vascular closure device: a case presentation	J Med Case Rep	0	2019		90	Urata R	Case	<u> </u>
_	Different types of vascular response to stent implantation in lesion with calcified nodule	Cardiovasc Interv Ther	0	2019		279-281	Yoshioka K	Image	
_	Vulnerable neoatherosclerosis in coronary artery with whole circumference showing intravascular echo attenuation Fatal right ventricular free wall rupture during percutaneous coronary intervention for inferior acute myocardial infarction	Clin Case Rep Am J Case Rep	0	2019		1094-1097 1155-1158	Hirota Y Ueno D	Case	\vdash
_	Successful limb salvage by endovascular treatment for critical limb ischemia subsequent to acute limb ischemia	Oxf Med Case Reports	0	2019		439-442	Nomura T	Case	+
_	Pedal artery angioplasty for dorsal pedis artery puncture preceding endovascular treatment for occluded anterior tibial artery	Cardiovasc Interv Ther	0	2020		96-97	Sakaue Y	Image	
_	Vanishing stenosis in renal artery with fibromuscular dyslplasia	Cardiovasc Interv Ther	0	2020		411-412	Kubota H	Image	
9 /	A novel guidewire pull-through technique in endovascular treatment for severely calcified infrapopliteal occlusion	Am J Case Rep	0	2020		e924057	Ueno D	Case	
0 4	A noteworthy clue for diagnosing non-ST-elevation myocardial infarction by computed tomography without ECG synchronization: a case report	BMC Cardiovasc Disord	0	2020	20	244	Nomura T	Case	
_	The possible involvement of interleukin-6 in congestive heart failure in a menopausal woman with uterine fibromatosis	Clin Exp Obstet Gynecol	×	2020	47	590-595	Ohta M	Case	
_	Endovascular treatment for vascular access venous hypertension with complicated venous drainage routes in a hemodialysis patient: a case report	Am J Case Rep	0	2021	22	e927625	Hori Y	Case	
1	Angiographic visualization of high-flow arteriovenous fistula-induced subclavian steal syndrome	Cardiovasc Interv Ther	0	2021	36	544-546	Miyawaki D	Image	
-	nflation pressure in side branch during modified jailed balloon technique does not affect side branch outcomes	J Interv Cardiol	0	2021	2021	8839897	Nomura T	Original Article	-
-	Five recurrent episodes of Takotsubo syndrome provoked by various triggers over a period of seven years: a case report in-stent protruding bump with abnormal IVUS images causing acute coronary syndrome in a hemodialysis patient	Eur Heart J Case Rep	0	2021	5 37	ytab431	Nomura T Sakaue Y	Case	\vdash
-	n-stent protruding bump with abnormal IVUS images causing acute coronary syndrome in a hemodialysis patient Myocardial infarcation due to immunoglobulin G4-related coronary artery aneurysm	Cardiovasc Interv Ther Cardiovasc Interv Ther	0	2022	37	213-214 405-406	Ono K	Image Image	\vdash
-	Enlarged false lumen following spontaneous external iliac artery dissection-induced chronic limb threatening ischemia	Cardiovasc Interv Ther	0	2022	37	583-584	Sakaue Y	Image	
-	Precious one straight line via high take-off posterior tibial artery	EJVES Vascular Forum	0	2022	55	60	Ueno D	Image	
_	Percutaneous debulking strategy for severe nodular calcification in common femoral artery	CVIR Endovasc	0	2022	5	25	Nomura T	Case	
I	Practical use of dual-lumen catheter-facilitated reverse wire technique for nonhighly angulated side branch	Res Cardiovasc Med	×	2022	11	107-110	Ota I	Case	
Г	Coronary artery embolism as a silent killer due to asymptomatic paroxysmal atrial fibrillation	Cardiol J	0	2022	29	1045-1046	Nomura T	Image	\Box
+	Early experience with coronary debulking devices in a newcomer facility after introducing revised facility criteria in Japan	Cardiovasc Interv Ther	0	2023	38	104-112	Nomura T	Original Article	
I	Aortocaval fistula noticed due to general malaise	Inter Med	0	2023	62	1375-1376	Tasaka S	Image	
1	A case of upper extremity edema associated with axillary vein compression caused by teres major muscle	CVIP Endovase	0	2023	38	262-263	Wada N Ota I	Image	
I	Aformallogian their a distribution in a single and avacable treatment social for a second for a	CVIR Endovasc	0	2023	_	496-501	Ota I Shoji K	Image Case / Review	\vdash
I	nframalleolar thrice distal puncture in a single endovascular treatment session for successful revascularization [Pake-tsubo syndrome following pulmonary vein isolation for strial fibrillation in a natient with primary aldosteronism	Int Haart I			_	_	-	Image	
I I	Tako-tsubo syndrome following pulmonary vein isolation for atrial fibrillation in a patient with primary aldosteronism	Int Heart J	0	_	3.8	1 438-430			
I I	Tako-tsubo syndrome following pulmonary vein isolation for atrial fibrillation in a patient with primary aldosteronism Eccentric plaque in aberrant right subclavian artery causing pseudocoarctation-like morphology	Int Heart J Cardiovasc Interv Ther BMC Cardiovasc Disord	0	2023	_	438-439 577	Nomura T Higuchi Y	Case
